TRASH & RECYCLING INFO

The cart system is working well in Fremont. Please keep in mind that your cart should face the road (with the metal bar and serial number facing the street) and the wheels away from the road. You should keep five (5) feet from any other object, including fences and your recycling bins. Also be sure you are away from mailboxes to avoid disruption in your mail service. The toter cover must be closed.

Additional recycling bins are in at the Town Hall. You can come by during any of our open hours on the main floor, to pick one up. You can also use a laundry basket or Rubbermaid-type tote in the meantime. Many people are also using their old trash cans for recycling. Please be sure it is clearly marked as a recycle can and placed five (5) feet from your cart on collection day.

One of the goals of the cart system is to encourage more recycling. If you would like to consider composting as a way to remove more from the waste stream, please check the Town's

website at www.Fremont.nh.gov on the Recycling page and read the NRRA composter information sheet. If you need any of the flyers, they can be downloaded from the same site, or you can call or come by the Selectmen's Office to get them. **Watch for updates on the website. Also check there for information on delays or changes in pickup service, including on days when the weather is inclement.**

Thank you very much for your patience and cooperation as we continue to work through these changes.

*** RECYCLING TIPS – DID YOU KNOW??

** Did You Know? Your leaves and grass clippings can be brought to Seacoast Farms Compost located on the dirt side of Shirkin Road (off of Beede Road) Monday - Friday 7am-3pm and Sat. 9-noon by appointment (please call owner Bob Kelly at 396-4108.)

** Did you know? The lifting arm to empty your Waste Management rolling cart needs 5' on either side of the container to wrap around it. Please put your recycling bin on the opposite side of your driveway.....not next to your green cart.

** Did you know? The Fremont Post Office has recycling bins under every counter, so that you can sort your mail and recycle all your junk mail right at the Post Office? Please take advantage of this, the heavy catalogs are much better recycled to save on tipping fees!
